CHAPTER

17th Annual
Oregon Chapter of the American College of Cardiology
Education Foundation

The New “Virtual” Oregon Cardiovascular Symposium

APRIL 17-18, 2020

**Registrants can view any or
all sessions at their leisure**

*The Symposium is Approved for 17 AMA PRA Category I Credit
and Maintenance of Certification (MOC) Credit.*

*Additionally, this activity has been approved by the Oregon
Nurses Association for 17 contact hours. More information is
available at www.cardiologyinoregon.org*

REGISTER ONLINE TODAY...

Oregon Cardiovascular Symposium Program

*17th Annual Oregon Cardiovascular Symposium — Day 1
Friday, April 17, 2020*

- 7:00 am** Friday's Sessions will be Posted Online for Viewing
- 1 Hour** Independent CME Activity — Redefining the Role of Cardiologists in the Management of Type 2 Diabetes: Best Practices for Cardiovascular Risk Reduction — *Integrity Continuing Education*
Darren McGuire, MD, MHSc, UT Southwestern
Julio Rosenstock, MD, Dallas Diabetes Center
- 1 Hour** Session #1 — Keto, Paleo, Fasting — Oh My? Navigating the Evidence for a Cardioprotective Diet
Tracy Severson, RD, LD, OHSU
- 1 Hour** Session #2 — Shared Decision Making in the Treatment of Cardiac Disease
Dan Matlock, MD, MPH, University of Colorado
- 1 Hour** Session #3 — Novel Strategies Screening for CVD — Genetics, Biomarkers, Imaging, etc.
James de Lemos, MD, PhD, UT Southwestern
- 1 Hour** Independent CME Activity — Dual Antiplatelet Therapy in Coronary Artery Disease: New Guidelines and Beyond — *Rockpointe CME*
L. Kristin Newby, MD, MHS, Duke University
- 1 Hour** Session #4 — High Sensitivity Troponin, Type 2 NSTEMI, and the Everchanging Definition of Myocardial Infarctions
James de Lemos, UT Southwestern
- 1 Hour** Session #5 — Intersection of Antiplatelet and Anticoagulant Therapy — How to Best Manage Patients Who Need Both?
L. Kristin Newby, MD, MHS, Duke University
- 1 Hour** Session #6 — The Tricuspid Valve — Current Therapies and Updates on Tricuspid Valve Management
Vinod Thourani, MD, FACS, FACC, Piedmont Heart Institute

*Due to the virtual nature of this Symposium,
Registrants can watch Sessions in any order at their leisure.*

17th Annual Oregon Cardiovascular Symposium — Day 2
Saturday, April 18, 2020

- 7:00 am** Saturday's Sessions will be Posted Online for Viewing
- 1 Hour** Independent CME Activity: Mastering the Art of Prior Authorization to Improve Patient Access to PCSK9 Inhibitors — *Integrity Continuing Education*
James Underberg, MS, MD, FACPM, FACP, FNLA, NYU Langone Health
- 1 Hour** Session #7 — Low and Moderate Risk Severe Aortic Stenosis — How to Develop a 20-30 Year Plan — TAVR, SAVR, and Valve in Valve Treatment Strategies
Vinod Thourani, MD, FACS, FACC, Piedmont Heart Institute
- 1 Hour** Session #8 — Role of Biomarkers and Imaging in CVD Prevention
Michael Shapiro, DO, FACC, Wake Forest University
- 1 Hour** Session #9 — Advanced Heart Failure — When to Refer for Advanced Therapies and When to Refer to Hospice
James Fang, MD, University of Utah
- 1 Hour** Session #10 — Cardiovascular Complications of COVID-19
Ty Gluckman, MD, FACC, Providence Heart and Vascular
- 1 Hour** Session #11 — Top 10 Clinical Pearls in Treating Heart Failure
James Fang, MD, University of Utah
- 1 Hour** Session #12 — Surgical and Interventional Left Atrial Appendage Closure — Are We Sure This is Beneficial?
Matthew Brennan, MD, MPH, Duke University
- 1 Hour** Session #13 — Hypertension Guidelines — Debating the Goals
Matthew Sorrentino, MD, FACC, FAHA, University of Chicago
- 1 Hour** Session #14 — Combining Anatomic and Functional Information in the Assessment of CAD — Coronary CTA with Fractional Flow Reserve
Maros Ferencik, MD, PhD, OHSU

Maintenance of Certification (MOC) Credits

Successful completion of all CME activities enables the participant to earn up to 14.25 MOC Points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC Points equivalent to the amount of CME credits claimed for each activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC Points. Participant's personal information will be shared with the ACCME and the ABIM.

Review Maintenance of Certification criteria: www.abim.org/moc/

Accreditation

Symposium CME Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of OHSU School of Medicine and the Oregon Chapter American College of Cardiology Education Foundation. The OHSU School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit

OHSU School of Medicine designates this live activity for a maximum of **14.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Independent CME Activity - #1 Accreditation (Friday): This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providership of Integrity Continuing Education, Inc. Integrity Continuing Education, Inc. is accredited by the ACCME to provide continuing medical education for physicians.

Credit

Integrity Continuing Education, Inc. designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Independent CME Activity - #2 Accreditation (Friday): This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of North Texas Health Science Center and Rockpointe. The University of North Texas Health Science Center is accredited by the ACCME to provide continuing medical education for physicians.

Credit

The University of North Texas Health Science Center designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Independent CME Activity - #3 Accreditation (Saturday): This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the providership of Integrity Continuing Education, Inc. Integrity Continuing Education, Inc. is accredited by the ACCME to provide continuing medical education for physicians.

Credit

Integrity Continuing Education, Inc. designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credit™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Contact Hours Accreditation

This activity has been submitted to the Oregon Nurses Association for approval to award contact hours. Oregon Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

We anticipate approval for **17 Contact Hours** for the Oregon Cardiovascular Symposium.

In Cooperation with

Scope of Practice

Cardiovascular disease remains a leading cause of death and morbidity in the United States, despite substantial gains in diagnostics, prevention and treatment. The 17th Annual Oregon Cardiovascular Symposium will provide a thorough review of the literature and update participants on current evidence-based practice for heart failure and arrhythmias as well as how certain comorbidities affect the patients. It will provide balanced expert opinion and recommendations of key advances and state of the art cardiovascular care that clinicians and patients expect. There is a persistent gap between the practice of cardiology and guideline-recommended evaluation and therapy. In a time of continually changing information based on new research findings, it is difficult for providers to maintain an up-to-date knowledge base and, therefore, competency in these areas. As a result, the performance of the physician and other members of the cardiac care team frequently lags behind state-of-the-art practices. The 17th Annual Oregon Cardiovascular Symposium addresses this gap by providing an extensive expert review of clinical cardiology through didactic lectures, panel discussions, and case presentations which will emphasize newer concepts of diagnosis, decision making, community support, pharmacology and interventional therapy in areas of ischemic and valvular heart disease, cardiac arrhythmias, heart failure and other clinically pertinent topics.

Learning Objectives

Upon completion of this program, attendees should be able to:

1. Provide evidence-based nutrition recommendations to patients for CV risk reduction
2. Describe current practice and policy initiatives aiming to enhance shared decision making
3. Participants will better identify high risk patients with opportunities to initiate preventive therapies
4. Participants will understand the advantages and potential disadvantages of high sensitivity troponin assays and appropriately use these tests to improve the diagnosis of MI
5. Know the current recommendations for the antiplatelet component of combination therapy and duration of use
6. Understand the surgical and transcatheter options for Tricuspid Regurgitation (TR)
7. Understand the options for SAVR and TAVR low and intermediate risk patients
8. Understand how to interpret the results of novel biomarkers and atherosclerosis imaging tests
9. Be able to recognize milestones of advanced heart failure
10. Review importance of guideline directed medical therapy
11. To outline the most effective strategies for the treatment of resistant hypertension
12. Understand the new evidence for the use of coronary CT angiography for the evaluation of patients with stable chest pain and suspected stable CAD

This is a partial list of Learning Objectives. The complete list of learning objectives can be found at www.cardiologyinoregon.org

Target Audience

Cardiovascular Physicians, including Adult, Pediatric and Surgeons, Internists, Family Practice Physicians, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists, Cardiovascular Perfusionists and CV Technologists.

Grant Acknowledgment

At the time of printing, a complete listing of industry sponsors was not available. Appropriate acknowledgment will be made upon confirmation of support and at the time of the program.

Disclosure and COI Policy Statement

Detailed faculty disclosures will be made available to participants prior to this activity. The planning committee members have disclosed that they have no financial relationships with commercial interests which produce, market, re-sell, or distribute health care goods or services consumed or used by their patients.

Americans with Disabilities Act

In accordance with the Americans with Disabilities Act, the Oregon Chapter of the ACC Education Foundation seeks to make this conference accessible to all. If you have a disability that might require special accommodations, please contact the Oregon Chapter of the ACC Education Foundation.
