American College of Cardiology.

December 21, 2021

Dear Industry Representative:

The Oregon Chapter – American College of Cardiology Education Foundation would like to invite you and your company, as well as others in the industry, to participate as an exhibitor at the 19th Annual Oregon Cardiovascular Symposium. This CME/CEU educational event will be held live on May 13 – 14, 2022 at the new Hyatt Regency at the Oregon Convention Center in Portland and open virtually with recorded sessions one week later. We had another record year of attendance for the virtual 2021 Symposium and heard from many – ‘We want to do it live in 2022!’ Not surprising, we had an equal number who loved being able to review the recorded versions at their leisure. So for 2022, we will have a live exhibit hall and a virtual hall – extending your reach to our attendees throughout the year.

Over 300 attendees from 19 different US States, and from throughout the medical profession – cardiologists, cardiothoracic surgeons, PAs, NPs, RNs, and others in the cardiovascular medicine segment participated in the 2021 Symposium. The exhibit area is separate from the live portion of the meeting – right outside the meeting room doors and the online venue where educational sessions will take place.

The cost for an exhibit table is \$2000. Our Tax ID number is 20-5915188. The funds will only be put towards the exhibit space and will not be used to sponsor education / CME. Please do not delay in reserving your spot as there are a limited number of spaces available this year.

Your payment should be made payable to:

Oregon Chapter American College of Cardiology Education Foundation
PO Box 55424
Portland, OR 97238

Lastly, if you and your marketing support team are interested in having copies of the attendee registration brochures to distribute to cardiologists, primary care physicians and NPs and PAs, please let me know approximately how many copies I should make available to you. Thank you for your help in getting the word out about this great educational opportunity.

Thank you in advance for your interest and support. We encourage you to visit our Chapter website at www.cardiologyinoregon.org that will be used extensively to promote the Symposium, as well as to provide on-going education opportunities for our members.

Sincerely,

Alan Morasch
Executive Director

Our ACC Mission Statement

The mission of the Oregon Chapter of the American College of Cardiology is to build a cohesive cardiovascular community throughout the State of Oregon in order to locally promote cardiovascular education, research, quality care and influence healthcare policy.
